**DETAILED ACTION**

***Response to Amendment***

In view of the amendment filed on 6/26/07, the prior rejection of claims under 35 USC 103(a) is hereby withdrawn.

***Allowable Subject Matter***

Claims 1-4, 7, 9-11, 24 and 25 are allowed.

The following is an examiner's statement of reasons for allowance: As noted therein, and as argued in the remarks, the prior art of record at least fails to teach or suggests a self-centralizing spearhead assembly having a first surface portion lying in a first plane perpendicular to a longitudinal axis of the base. The prior art also fails to disclose or suggest a slot formed in the base and opening onto the first surface portion, and a spearpoint extending perpendicular to the first surface portion when it lies parallel to the longitudinal axis.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
